Happy Independence Day!!

A few important reminders as you plan to celebrate our nation's independence this weekend.

If you are going to set off fireworks, be smart, be careful and be considerate of your neighbors. The Office of the State Fire Commissioner offers the following tips:

- Never allow children to play with fireworks, even sparklers.
- Never point or throw fireworks at another person.
- Never pick up or try to relight fireworks that have not fully ignited.
- Never use fireworks after consuming alcohol or other substances that impair judgement or the ability to act quickly.

If you choose to use fireworks, only allow adults to light one at a time then quickly back away. Keep a bucket of water or garden hose handy in case of fire, and fully douse burned fireworks in water before picking them up or throwing them away.
